# Welcome To Puppy Parenthood

---

Congratulations on welcoming a new puppy into your life. The first weeks are important because your puppy is learning about your home, your routine and your expectations.

Many puppy behaviours that frustrate owners are normal parts of development. With patience, consistency and the right guidance, you can build a strong relationship with your dog.

## **The Puppy Panic Promise:**

Help owners understand their dogs, create better habits and enjoy the journey.

# Preparing Your Home

---

- ☐ Safe sleeping area
- ☐ Food and water bowls
- ☐ Chew toys
- ☐ Training treats
- ☐ Leash and collar
- ☐ Remove dangerous objects (cables, shoes, cleaning products)

## Remember

Your puppy learns from the environment you create.

# Understanding Puppy Behaviour

---

## Why Puppies Bite

Puppies bite because they explore, play and experience teething. The goal is not punishment. The goal is teaching better choices.

## Why Puppies Chew

Chewing is natural. Provide safe alternatives and reward good decisions.

 **Add images/behaviour.jpg**

Prompt: Puppy chewing a rope toy on a wooden floor

# Puppy Training Foundations

---

## First Commands

- Sit
- Stay
- Come
- Leave It
- Name Recognition

Short daily training sessions are more effective than long frustrating sessions.

**Add images/training.jpg**

Prompt: Owner teaching a puppy to sit with a treat, garden background

# Your Puppy's First 30 Days

---

## Week 1

Build trust, introduce routines and teach your puppy their name.

## Week 2

Begin basic commands and create consistent habits.

## Week 3-4

Increase training, confidence and independence.

# Solving Common Problems

---

## Puppy Crying At Night

- Create a bedtime routine
- Provide comfort
- Allow toilet breaks

## Puppy Jumping

Reward calm greetings instead of excited behaviour.

# Brain Training For Dogs

---

Dogs need mental exercise as well as physical exercise. Brain games can encourage focus, confidence and problem solving.

- Puzzle activities
- Scent games
- Learning challenges
- Training games

**Add images/brain-games.jpg**

Prompt: Puppy sniffing out treats in a snuffle mat

## Bonus: 7-Day Puppy Training Challenge

---

Five to ten minutes a day. Tick each day off as you go.

| Day | Focus                                                   | Done |
|-----|---------------------------------------------------------|------|
| 1   | Name game: say their name, reward eye contact           |      |
| 2   | Sit: lure with a treat, reward the moment they sit      |      |
| 3   | Handling: gently touch paws and ears, reward calm       |      |
| 4   | Come: short recalls indoors, big rewards                |      |
| 5   | Leave it: reward looking away from a treat in your hand |      |
| 6   | Settle: reward lying calmly on their bed                |      |
| 7   | Review: practise every skill in a new room              |      |

## Bonus: Daily Puppy Schedule

---

Fill in your own times. Consistency is what matters most.

| Time | Activity                | Notes |
|------|-------------------------|-------|
|      | Wake up + toilet break  |       |
|      | Breakfast               |       |
|      | Short training session  |       |
|      | Nap                     |       |
|      | Play + toilet break     |       |
|      | Dinner                  |       |
|      | Calm evening wind-down  |       |
|      | Last toilet break + bed |       |

# My Puppy Profile

---

|                         |  |
|-------------------------|--|
| <b>Name</b>             |  |
| <b>Breed</b>            |  |
| <b>Age</b>              |  |
| <b>Favourite Treat</b>  |  |
| <b>Vet Phone Number</b> |  |
| <b>Training Goal</b>    |  |

# My Puppy Progress Tracker

---

| Skill      | Week 1 | Week 2 | Week 3 | Week 4 |
|------------|--------|--------|--------|--------|
| Sit        |        |        |        |        |
| Come       |        |        |        |        |
| Stay       |        |        |        |        |
| Leave It   |        |        |        |        |
| Name       |        |        |        |        |
| Loose Lead |        |        |        |        |
